Item # | Product Name: #300062 Five Foot Dock Filler Piece

Parts List:	Tools Needed:
1. Five Foot Filler Piece	1. Mallet or Hammer and block of wood
2.	2.
3.	3.
4.	4.
5.	5.
6.	6.
7.	7.
8.	8.
9.	9.
10.	10.

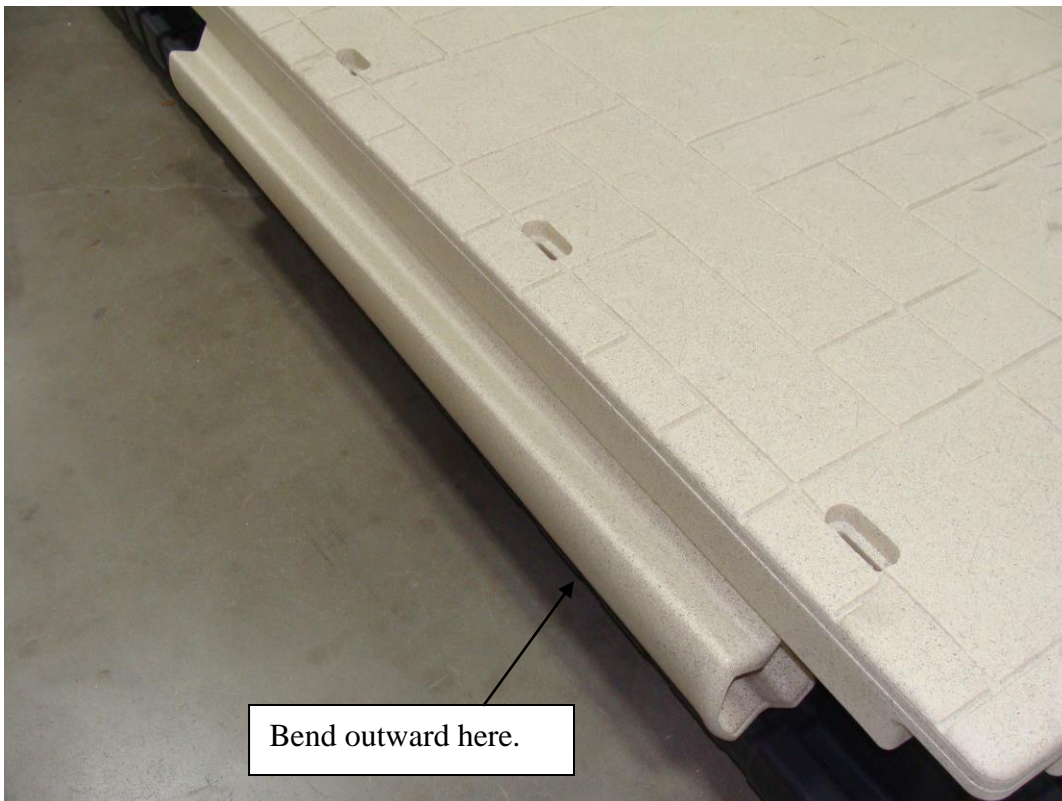

Assembly Instructions:

1. Slide one edge of the filler piece into the channel on the dock section.

2. Bend filler piece outward in the middle so the top edge can slip into the top channel on the dock section.

3. Use a mallet and rap along the top and bottom edges of the filler piece so they fit into the channel of the dock section. Filler piece should be flush with the dock edge when finished. Slide the filler piece into the desired location. Tap on the end to move it, if necessary. The filler piece may be cut to fit if there are dock post attachments or other accessories on the dock.
